Online Chemotherapy Tool Accelerates Cancer Patient's Access to Treatment

View the results of a study where the use of a new online chemotherapy approval protocol offers a significant opportunity to reduce the cost of cancer therapy while expediting treatment approvals and increasing coverage approval rates. Learn how this web-based decision-support tool is transforming the prior authorization process.

Plans & Services

- New ACO Option Available to Select Areas:** UnitedHealthcare has introduced NexusACOTM, a new tiered benefits option for 2017 100+ self-funded groups that offers access to Accountable Care Organization (ACO) health care professionals who have proven results for delivering quality and efficient care. [Learn more](#)

Studies & Reports

- Study Shows Benefits of Managed Vision Care:** The National Association of Vision Plans has released a study that highlights the benefits of managed vision care, showing that Americans with vision benefits have healthier eye care habits. [Learn more](#)
- CMS Ratings Released:** See how UnitedHealthcare[®] Medicare and Retirement rated in the Centers for Medicare and Medicaid Services (CMS) recently released 2017 Star Rating Report. [Learn more](#)

Pharmacy

- Pharmaceutical Update:** The prices charged for many orphan drugs are extremely high - up to \$500,000 per-year per-patient, with over \$100,000 per year average costs. In this [report](#) we look at what this means to the organizations that are primarily responsible for paying for these crucial, but very expensive drugs: insurance companies and self-insured employer groups often assisted by Pharmacy Benefit Managers.
