Additional Quoting Requirement Affects UnitedHealthcare Markets

On or after Sept. 1, 2016, we will be requiring additional information on the census in order to quote new business with 51-350 eligible employees (non-adjusted community rated) nationally.* Previously this requirement affected eight states; however the requirement has been adjusted to now impact all UnitedHealthcare markets.

*CA, CO, and VT define small business (adjusted community rated) as 1-100.
